Dear Operators,

Ref: EU commission implementing Regulation (EU) 2020/25

The Commission Implementing Regulation (EU) 2020/25 amending and correcting Regulation (EC) No. 1235/2008, published in the Official Journal of 14th January 2020, will enter into force on 3rd February 2020.

This Regulation clarifies that the certificate of inspection (COI) must be issued at the moment the consignment leaves the third country of export or origin to ensure compliance with second subparagraph of Article 33(1) of Regulation (EC) No 834/2007 and the traceability of the imported products during distribution, including transport from third countries.

Control bodies and control authorities are requested to issue and sign the COI before the consignment leaves the third country of export or origin as required by Article 13(2) of Regulation (EC) No 1235/2008. Control bodies and control authorities are to carry out the necessary documentary checks before signing box 18. However, Box 13, Box 16 and Box 17 of the COI may be filled in with the provisional information available at the time of issuing COI.

Control bodies and control authorities will be able to update the information in Boxes 13, 16 and 17 and upload the final transport documents in TRACES after the signature of Box 18 and before the COI is endorsed by the Member State (in Box 20).

Further to the above regulation, you must apply the COI on TRACES system before the material is shipped on board. We will need the following documents for COI to be issued.

- 1) PTC/Final TC copy issued on TRACENET
- 2) Invoice/packing list
- 3) Shipping bill (SB)/checklist of SB
- 4) AWB/BL/Draft BL/HAWB

Note: Kindly get the final export TC issued from TRACENET immediately once the material is shipped on board.

Thanks & Regards
