30/10/2017

**CIRCULAR**

**Subject:- Inclusion of Detection of Aflatoxin – Organic Corn and processed products of Organic Corn**

**Ref. No.:-** ORG-2016-17-000031 dated 27/10/2017 from APEDA

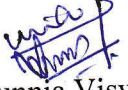

Dear valued operator,

Greetings from Aditi Organic Certifications Pvt. Ltd.

Please be informed that as per APEDA's latest circular dated 27.10.2017, all operators are informed to include **Aflatoxin** for detection in lab analyses for **Organic Corn** and **processed products of Organic Corn** exported from India. In this regard, you are expected to submit test reports from APEDA authorized laboratories, including Aflatoxin as a major parameter without fail for the export shipments of Organic Corn and processed products of Organic Corn along with application for PTC and domestic sales.

We hope to have informed you sufficiently in this regard.
